

P O Box 2099, Masterton

Pit Spaces at new MMP Purpose-built facility

Pit Spaces will be available to lease at Masterton Motorplex's new track, to raise funds for tar-sealing the new pit area.

- Each pit space leased will be tar-sealed, and will have a power supply.
- The total size of the pit space will be 12 meters by 8 meters.

On each pit space there is enough room for:

- A race car
- A tow car
- A transporter

Cost: \$5000 for 5 years. *

- Includes 2 free season passes.
- Right of renewal for a further 5 years. **

The pit spaces will not be covered, however if you wish to put a carport over the pit space, then they must all be a uniform size. **

You can pay the pit space off over a 12-month period. This means that if you claim the GST back (a GST receipt will be provided) the pit space will cost just \$397 per month for the first 12 months, and the next 4 years are free. **

If you don't use your pit space for a season (or more) then you may nominate another person to use it, provided you notify Masterton Motorplex. **

If you are interested in leasing a pit space please contact
Bob Wilton on (06) 377 3803

**A Masterton Motoplex Incorporated Trust Account has been set up which all money for the new track will be deposited into. If for any reason the track does not go ahead, then all money paid by lessee's or sponsors will be refunded.*

*** This agreement is subject to terms and conditions as set by Masterton Motorplex. These terms and conditions are subject to change at any time without notice.*
