

Welcome to Masterton Motorplex (MMP) and just like that the season is back again!

Things have been pretty busy down at the track over the winter months. The most exciting thing is that we have purchased the new Timing Boards from Portatree in the USA – these are due to arrive anytime. The employees of MMP, the MMP Board and some of our volunteers are working hard to make this happen and we hope to have these up and running for the first Competition meeting in December.

The 2018/2019 season will also showcase, for the first time ever, the Kiwi Thunder Group One National Series. The Top Alcohol and Top Door-Slammer - Group One competitors will take the best NZ Drag Strips ‘by the horns’ battling it out for the top spot on the NZ Drag Racing podium. This will be held over four meetings at both Masterton Motorplex and Meremere Dragway venues. This initiative has been developed by Bob Wilton and Gary Bogaart (Meremere Track Promoter) to bring together NZ’s fastest racers from both governing bodies to compete head-to-head. MMP will host Round 2 in February and the Finals in March – this promises to be an exciting show for everyone!

Perfect time to extend our thanks to all our current and previous Board members – These guys and gals are the ones that made it all happen, without them there would be no MMP, they are a humble group of people that have made MMP what it is today. Also to all our Volunteers, again whether you are still involved or have been in the past – MMP could not run these meetings without you – again a humble group who “Volunteer” their time on race weekend (and at other times during the year).

Sponsors and supporters – without these businesses and individuals again there would be no MMP – you see their signs on display at the track and some of them are involved in race weekends, they may be a driver, crew, volunteer, spectator they are everywhere – we have some of the best signage of any drag racing track – that shows how much support we have.

Drivers & Crew – we thank you for coming to our meetings and supporting our track, you have seen the changes over the last 20 years and with us you have progressed, moving up in classes, improving your vehicles, getting crews involved with you and getting those juniors out on the track (that is a class that has really grown).

So thanks again to everyone – SEE YOU OUT THERE!

## Track Progress report

Over the winter the MMP Board and helpers have been busy:

### Startline Breakdowns

We use the following procedure if there is a breakdown.

- If the car is between the start line and the yellow line on the barriers (about 100 feet / 30 metres out) the driver must stay in the car if they cannot restart. The starter will signal to the backup person to get behind the wall, and the starter will allow the other lane to go. The crew **MUST NOT** go onto the track
- If the car is past the yellow line on the barriers, the starter will shut the other lane down. He will then signal the crew to tow the stalled car to the finish line and onto the return road. Do not return to the start line. The other lane will then be restarted and have a bye run.
- If the driver requires **MINOR** assistance (e.g. can't get into reverse) signal the starter, or have your back up person signal, and he will allow the crew past the startline. This **DOES NOT** include remote starting or using battery packs in the tow vehicle.
- Please tell your crew – **DO NOT** go onto the track without the starter's permission. **DO NOT CROSS/JUMP THE BARRIERS AT ANY TIME** regardless of the situation.

### Prize Incentives for Racers

This year we again offer some additional incentives for competitors at each race meeting:

- Best Appearing Vehicle & Crew – \$100 or voucher
- Lowest ET of the meet – \$100
